

# Superior Price and Productivity

ECO-SOLVENT

LOW  
INVESTMENT

EASY  
OPERATION

**Exceptional value built on  
experience and reliability**

- ▶ New larger printhead capable of ejecting finer ink droplets at higher densities, maximising performance and resolution with fewer passes.
- ▶ Single printhead makes the ER-641 a more affordable option.
- ▶ Achieve speeds of up to 43.5m<sup>2</sup>/h in 600 x 1,200dpi.

**Superior productivity and  
seamless operation**

- ▶ Enable unattended long runs with the integrated take-up unit.
- ▶ Keep your device in top condition with user-friendly self-maintenance options.
- ▶ Optional dryer unit helps the ink to dry during high-speed printing.

**High-definition print and  
impressive colour reproduction**

- ▶ Delight your customers every time with reliable, high-quality CMYK inks.
- ▶ VersaWorks' True Rich Color ensures the reproduction of vivid and accurate colours, even with only CMYK.
- ▶ Precision engineered to provide exceptional image quality at a very attractive price.

## Additional Features

- + Includes VersaWorks RIP with a wide selection of productivity-boosting features.
- + Download free print profiles for the most common media types in your area.
- + With impressively economical D-EA2 ink, which cuts running costs by about half compared to conventional inks, and reliable hardware, you can lower costs and increase margins.

## Technical Specs
